A little thought

A little thought will show you how vastly *your own happiness* depends on the way other people bear themselves towards you.

The looks and the tones at your breakfast table, the conduct of your fellow workers or employers, the faithful or unreliable people you deal with, what people say to you on the street, the letters you get, the friends or foes you meet – these things make up the pleasure or the misery of your day. *Turn the idea around*, and remember that just so much are you adding to the pleasure or the misery of other people's days....

Whether each day of your life shall give happiness or suffering rests with yourself.
